

ESTICLEAN FULLY FORMULATED PACKAGES

Stronger environmental pressure and increased health & safety regulations in the workplace require new types of cleaners. Multisol in conjunction with Estichem offers a selection of ready-for-use products as a complement to the formulation raw materials found in the Estisol & Estisurf product ranges.

Esticlean Product Grade	Flash Point °C	Boiling Range °C	Product Type	Application
AS-VEG	184	>300	Ester mixture, non-VOC	Specifically formulated for the road construction industry. Effective removal of asphalt combined with good compatibility with hydraulic fluid hoses
159	105	200 – 225	Synthetic ester mixture, non-VOC	Specifically designed for polystyrene removal in the packaging industry
